

Q: *“When can I order a vehicle?”*

A: As long as the manufacturer can supply. The vehicle contract is awarded in November/December annually which is halfway through the manufacturer’s model year. For this reason, FMD advises agencies to send the request as close to the contract award date as possible. There is a synopsis on FMD’s website under the AFC Resources tab with current build out dates and is updated as they are supplied by the manufacturer.
